## Description

Combifert® Pomegranate fertilizer has been specially developed for pomegranate trees – with a balanced formula containing 20% nitrogen, plus calcium, magnesium, and micro elements. It's also easy to apply, making your life easier. Calcium is a trace element essential for forming resilient, stable cell walls, encouraging the fruit production with better consistency that are more durable post-harvest and less likely to split. Magnesium is the powerhouse behind photosynthesis, producing the carbohydrates that your plants need.

## Guaranteed analysis

### Oxide

| | | |
|---|---|---|
| N | Total Nitrogen | **20%** |
| | Nitrate nitrogen ($N\text{-}NO_3$) | 8.8% |
| | Ammoniacal nitrogen ($N\text{-}NH_4$) | 11.2% |
| $P_2O_5$ | Phosphorus Pentoxide | **5%** |
| | Water soluble ($P_2O_5$) | 3.5% |

| | | |
|---|---|---|
| $K_2O$ | Potassium Oxide | **8%** |
| | Water Soluble ($K_2O$) | 8% |
| CaO | Calcium Oxide | **2%** |
| | Water soluble (CaO) | 2% |
| MgO | Magnesium Oxide | **2%** |
| | Water soluble (MgO) | 2% |
| $SO_3$ | Sulphur trioxide | **16%** |
| | Water soluble ($SO_3$) | 16% |
| Fe | Iron | **1%** |

## Benefits

- Tailor-made for more efficient and balanced nutrition for your pomegranate trees
- Contains calcium – essential for healthy crop development
- Includes magnesium – vital for photosynthesis

## How to use

1. Apply Combifert® specialty fertilizer between rows 15 to 20 days before the start of bud-break.
2. To calculate the dosage, consider the nutrient content of the soil, which can be determined through a chemical analysis, as well as the nutrients that will be extracted by the crops based on their expected yield.
3. Trial first on a small scale before changing the rate, application, cultivation practices or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.
4. For more information or recommendations, please contact your ICL distributor or ICL advisor for your area.

# Exploring recommended crops

This product is suitable for all types of crops, such as:

## Pomegranate
