## Description

When the growing is good, and you want to keep it that way, reach for Landscaper Pro® Maintenance. Maintain your hard-earned pristine landscaped turf both in the short and the long term thanks to this fertilizer's specially formulated nutrient content. While its increased levels of nitrogen provide a rapid visible response, you can rest safe in the knowledge that your lawn will stay nourished over a 2-3 month period.

## Benefits

- \\ Controlled 2-3 month nutrient release
- \\ General use fertilizer for healthy all-round growth
- \\ Increased nitrogen for rapid initial response

## How to use

- 1 Properly seal partly used or damaged bags.
- 2 Store under dry conditions.
- 3 If you need more information, please contact your technical support.

## Application rates

### Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
