SIERRABLEN PLUS

Spring & Summer with Pearl® Technology

Get your turf ready for a growth-packed spring and summer

17	5	5	6	5
N	P_2O_5	K_2O	CaO	MgO

Description

Support Spring and Summer growth Sierrablen® Plus Spring & Summer with Pearl® Technology. With ICL's patented Pearl® technology, you can prevent any loss of phosphorus, while developing stronger roots for long-term growth. Ensure at least 3 months of controlled, healthy growth thanks to ICL's Poly-S coated nitrogen content.

Guaranteed analysis

Oxide

N	Total Nitrogen	**17%**
	Ammoniacal nitrogen ($N\text{-}NH_4$)	2.8%
	Urea nitrogen (N-Urea)	14.2%
P_2O_5	Phosphorus Pentoxide	**5%**

K_2O	Potassium Oxide	**5%**
	Water Soluble (K_2O)	5%
CaO	Calcium Oxide	**6%**
	Water soluble (CaO)	6%
MgO	Magnesium Oxide	**5%**
	Water soluble (MgO)	3%

Benefits

- Patented Pearl® technology for enhanced rooting and phosphorus efficiency
- Poly-S coated nitrogen for minimum 3 months of controlled healthy growth
- NPK formula with added calcium and magnesium

Application rates

Recommended Rate:

20-40g/m2

Always trial on a small area before adjusting application rate or any other variables. As site conditions vary and application is outside ICL's control, responsibility for results rests with the user.

How to use

1. Apply directly to dry foliage.
2. Watering-in after application helps dispersion and boosts immediate effect. Do not apply during drought or frosty conditions.
3. You should apply following completion of aeration programs, including scarification, slitting and/or hollow tining to prevent damage to the granules.
4. If you need more information, please contact your technical support.

Technologies

Poly-S is a dual-coating controlled-release nitrogen technology available from ICL, combining sulfur and a biodegradable polymer. It ensures gradual nitrogen release over up to six months, unaffected by temperature or moisture fluctuations. This promotes steady turf growth, reduces mowing frequency, and minimizes nutrient leaching.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
