Product information

SIERRABLEN

31-5-7

The key to early season form

31	5	7
N	P_2O_5	K_2O

Description

Get your growing season off to the best possible start with Sierrablen® 31-5-7 mineral fertilizer. With ICL's patented Poly-S coating technology, you can safely rely on this nitrogen-rich fertilizer as your go-to for healthy and balanced growth at the start of the growing season. Most of its nitrogen is only released under favorable growing conditions, as a means of pre-stress conditioning your turf, while the rest is readily available for a fast initial response, even in colder temperatures.

Guaranteed analysis

Oxide

N	Total Nitrogen	**31%**
	Nitrate nitrogen (N-NO_3)	0.9%
	Ammoniacal nitrogen (N-NH_4)	2.1%
	Urea nitrogen (N-Urea)	28%

P_2O_5	Phosphorus Pentoxide	**5%**
	Water soluble (P_2O_5)	4.7%
K_2O	Potassium Oxide	**7%**
	Water Soluble (K_2O)	7%

Benefits

- Ideal controlled release fertilizer for start of the growing season
- Condition-dependent nitrogen release
- Provides quick initial response

Application rates

Recommended Rate:

30-40g/m2

Always trial on a small area before adjusting application rate or any other variables. As site conditions vary and application is outside ICL's control, responsibility for results rests with the user.

How to use

1. Apply directly to dry foliage.
2. Watering-in after application helps dispersion and boosts immediate effect.
3. Do not apply during drought or frosty conditions.
4. You should apply following completion of aeration programs, including scarification, slitting and/or hollow tining to prevent damage to the granules.
5. Properly seal partly used or damaged bags.

6 Store under dry conditions.

7 If you need more information, please contact your technical support.

Recommended period of use

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
