Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

How to use

1. Apply directly to dry foliage.
2. Watering-in after application helps dispersion and boosts immediate effect. Do not apply during drought or frosty conditions.
3. You should apply following completion of aeration programs, including scarification, slitting and/or hollow tining to prevent damage to the granules.
4. Contains iron: Do not allow product to come into contact with marble, stone, fabric, concrete, swimming pools, etc. As product can cause discoloration, brush off immediately if spilt over concrete, paving slabs, clothes, etc.
5. Properly seal partly used or damaged bags.
6. Store under dry conditions.
7. If you need more information, please contact your technical support.
