## MTV1 OAKLEY

Agrostis stolonifera  
(Creeping Bent)

### Product information

MTV1 Oakley Creeping Bentgrass has recently gained EU listing and is the next generation of greatness in Bentgrass cultivars, topping the charts in the latest NTEP for both Greens and Fairways/Tees! Oakley shows strong seedling vigor and has a beautiful medium green color. The versatility of strengths makes this an standout cultivar; Dollar Spot resistance, fine leaf texture and density throughout the entire playing season. Oakley is excellent as a mono-culture cultivar due to a diverse breeding background, evident of its excellent all-round disease tolerance. Its ability to out compete Poa annua makes this an ideal choice throughout a wide range of European locations.

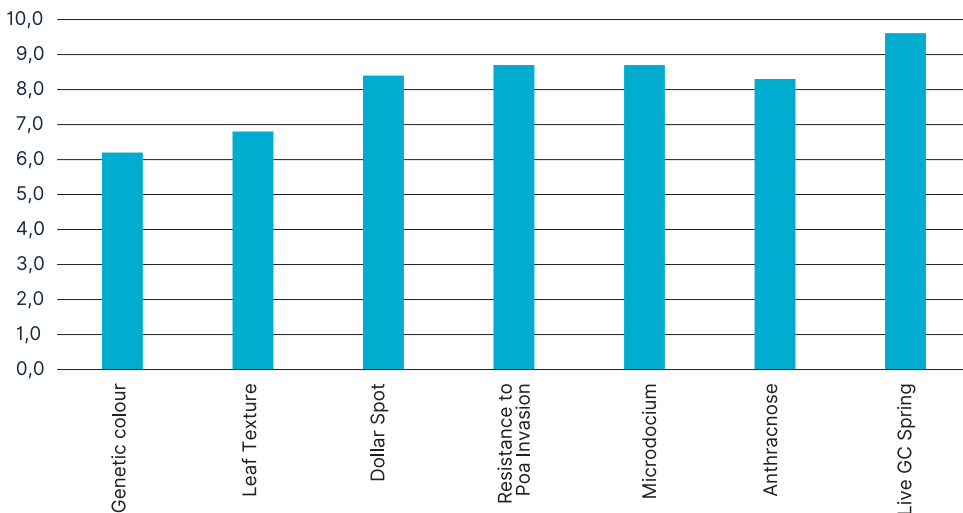

### Advantages

- Top rated turf quality for Greens, Fairways & Tees
- Dollar Spot resistance
