

# Universol

## Tabla de mezclas

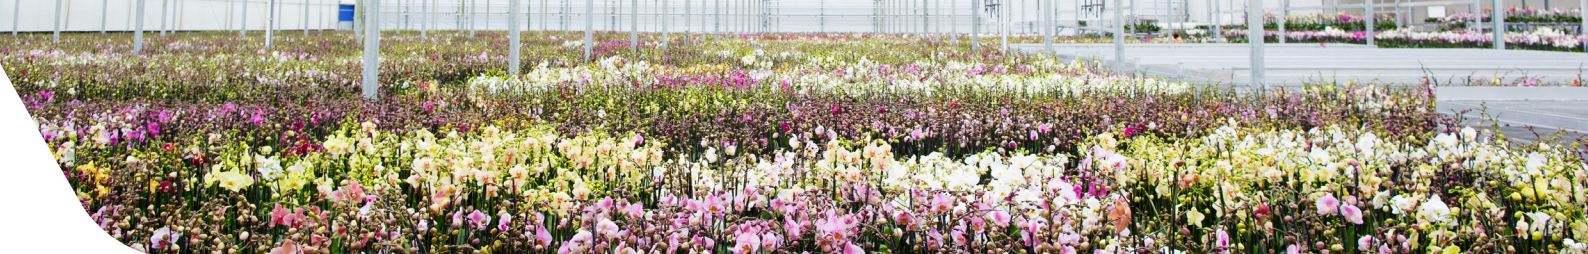

Todos los productos de la gama estándar de Universol se pueden mezclar entre sí en un tanque de solución madre. De esta manera puedes ajustar el análisis NPK que deseas aportar a tus plantas, adaptando la nutrición a tus necesidades. Universol es seguro de mezclar y en las tablas siguientes encontrarás el análisis resultante tras combinar dos productos Universol en la proporción especificada.

Universol Blue	Análisis	Universol Green
0%	23-6-10+2.7MgO+TE	100%
