

# Universol

## Table de mélanges

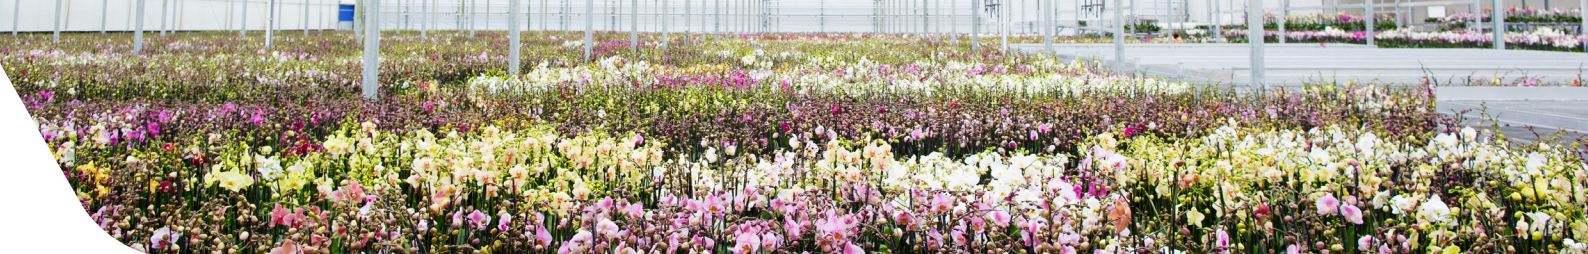

Todos os produtos da gama padrão da Universol podem ser misturados entre si num tanque de solução-mãe. Assim, você pode ajustar a análise NPK que deseja fornecer às suas plantas, adaptando a nutrição às suas necessidades. Universol é seguro para misturar e, nas tabelas abaixo, você encontra a análise resultante após combinar dois produtos Universol na proporção especificada.

Universol Blue	Analyse	Universol Green
