Description

Osmocote[®] Exact Tablets 12-14M ensure your plants get the nutrients for a whole year or even longer. Their cone-like shape means the tablet can be pushed down easily into growing medium. The water-soluble adhesive dissolves and the tablets break apart. The tablets have a longevity of 12 to 14 months at 21°C and come in 5 g.

Guaranteed analysis

Elemental

N	Total Nitrogen	14%
	Nitrate nitrogen (N-NO ₃)	6.2%
	Ammoniacal nitrogen (N-NH ₄)	7.8%

P	Phosphorus Water soluble (P)	3.5% 2.6%
K	Potassium Water soluble (K)	8.3% 8.3%
Mg	Magnesium Water soluble (Mg)	1.2% 0.8%
B	Boron Water soluble (B)	0.01% 0.01%
Cu	Copper Water soluble (Cu)	0.046% 0.028%
Fe	Iron Iron EDTA (Fe)	0.41% 0.08%
Mn	Manganese	0.05%
Mo	Molybdenum Water soluble (Mo)	0.018% 0.012%
Zn	Zinc	0.013%

Benefits

-  Peace of mind: you know that each pot gets exactly the same dosage
-  High nutrition administered accurately over the long term
-  No loss of fertilizer, as the tablets stay locked in the growing medium

Application rates

Important: Rates for Osmocote are based on pot volumes. When incorporating fertiliser throughout the media and repotting plants into bigger pots, the dosage rate should be increased to compensate for the dilution effect. Please contact your ICL advisor for plant-specific recommendations.

How to use

- 1 For application in existing cultures, push tablet down completely into the growing medium.
- 2 In hanging baskets, arrange the tablets in a circle in the growing medium around the plant.
- 3 If you're using drip irrigation, push the tablet in the growing medium directly under the dripper.
- 4 The temperature affects Osmocote® Exact tablets' longevity, determined at 21°C. 16°C: 15-17M 21°C: 12-14M 26°C: 10-11M.
- 5 Store under dry conditions.
- 6 Properly seal partly used or damaged bags.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
